## ***Integrated Roadway Network Maps***

---

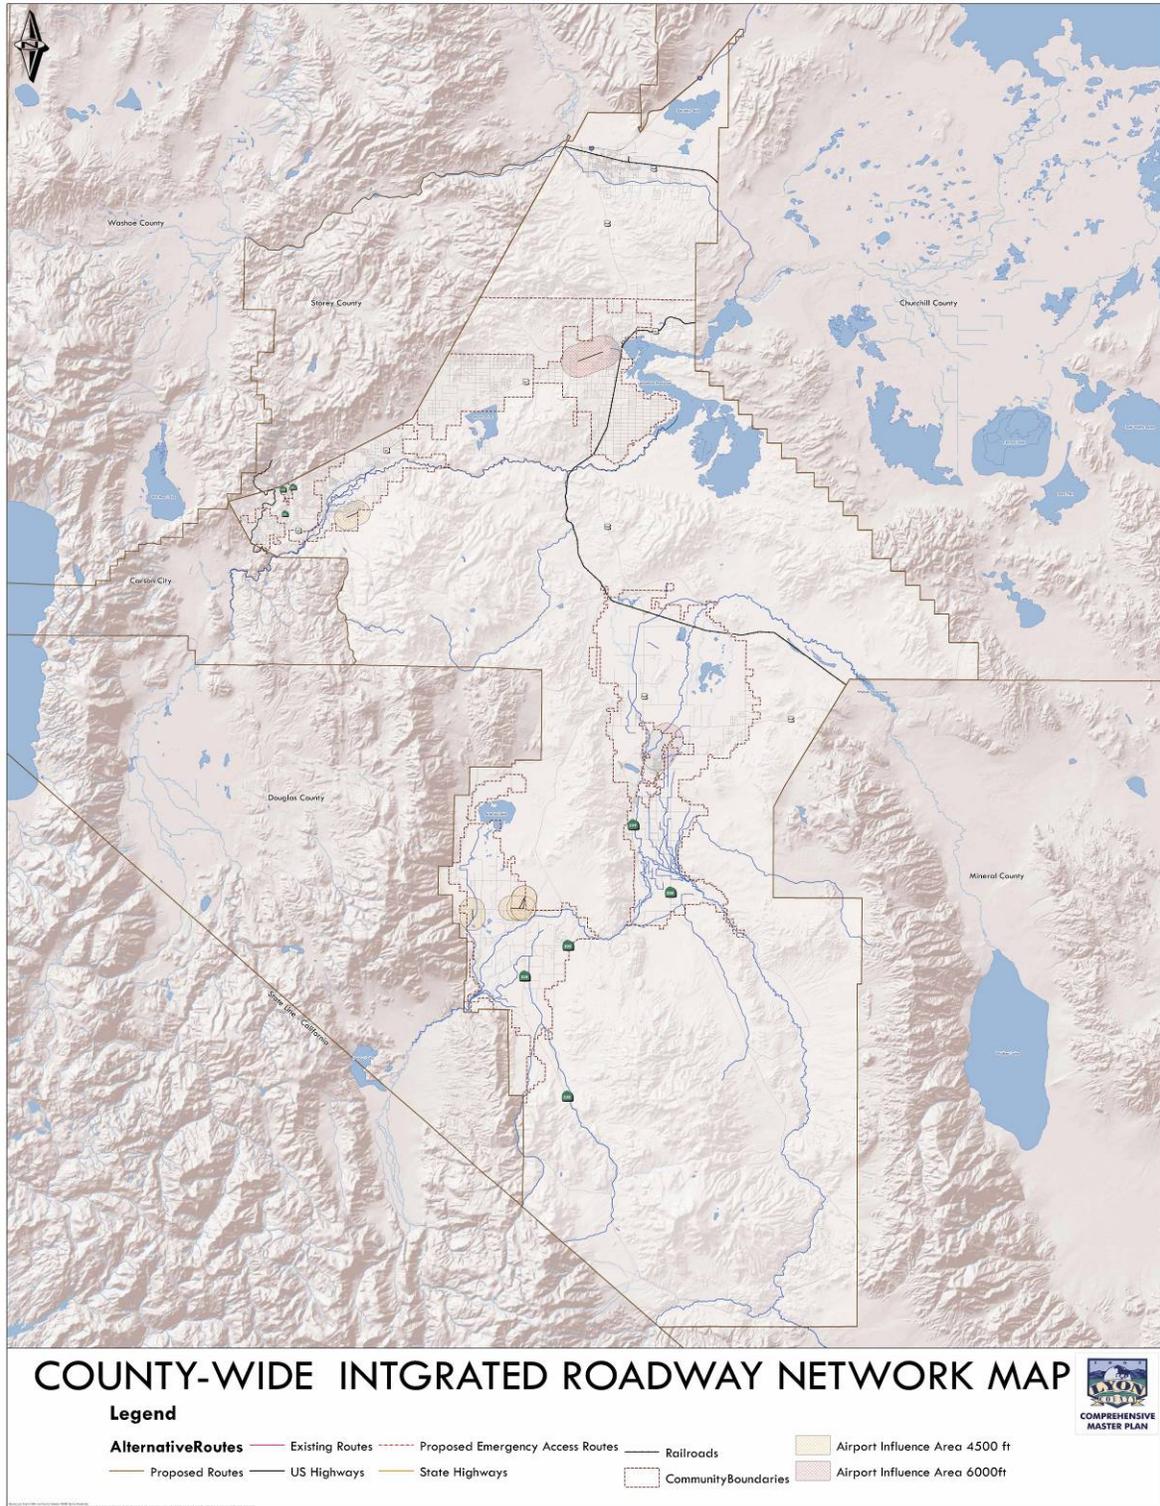

### **The County-wide Roadway Network Map(s)**

The pages that follow contain reduced versions of the County-wide Integrated Roadway Network Map(s). These Maps, which are conceptual in nature, are refined in the more specific Community Plans. The basis for and a discussion of the Maps are contained in Chapter 4 – Transportation.

The Map(s) have been reduced in size to fit the County-wide Component page format and are for illustrative purposes only. The reduced maps may not show all of the details of the official County-wide Integrated Roadway Network Map(s). The official Map(s), as maintained by the Lyon County Planning Department and GIS Coordinator, should be consulted in their full size printed format or through the Lyon County Geographic Information System (GIS).

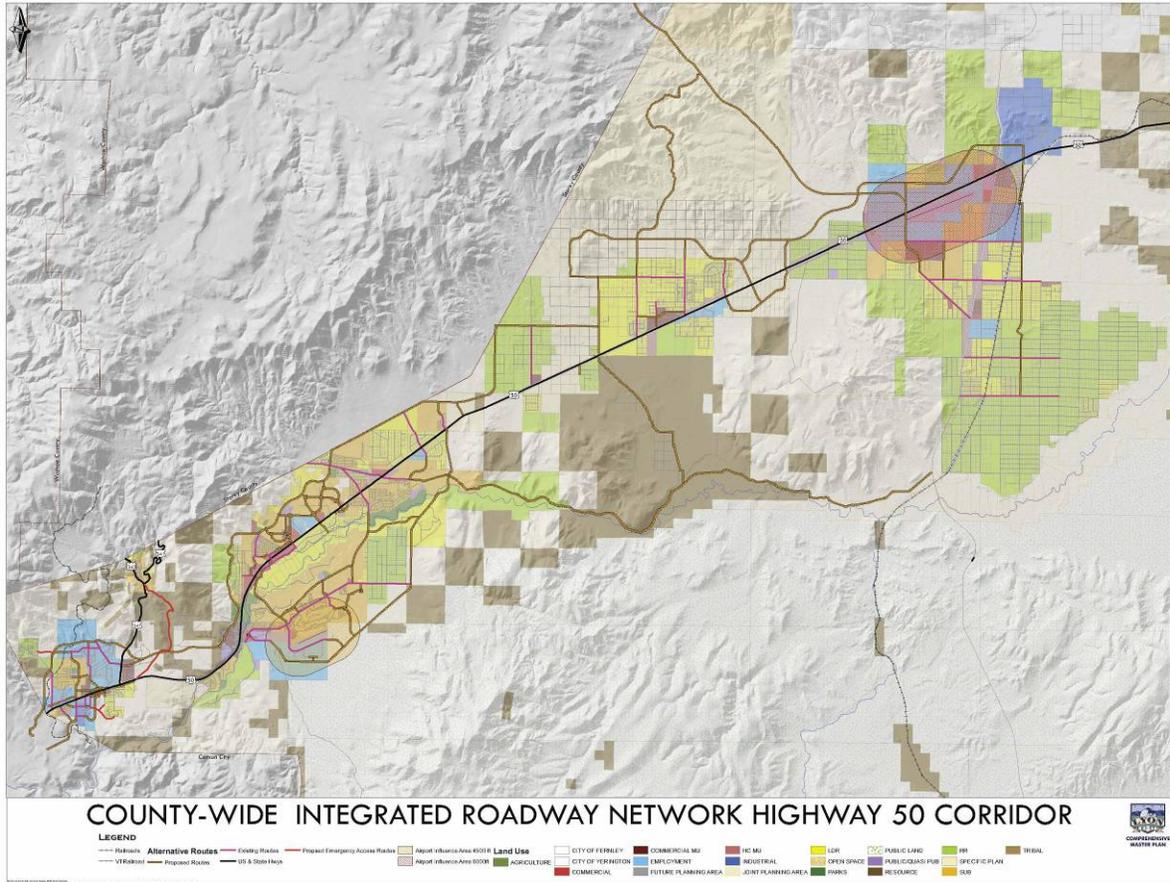

County-wide Integrated Roadway Network Map

Note: Map for illustrative purposes only; consult the official full size printed format or GIS map for details.

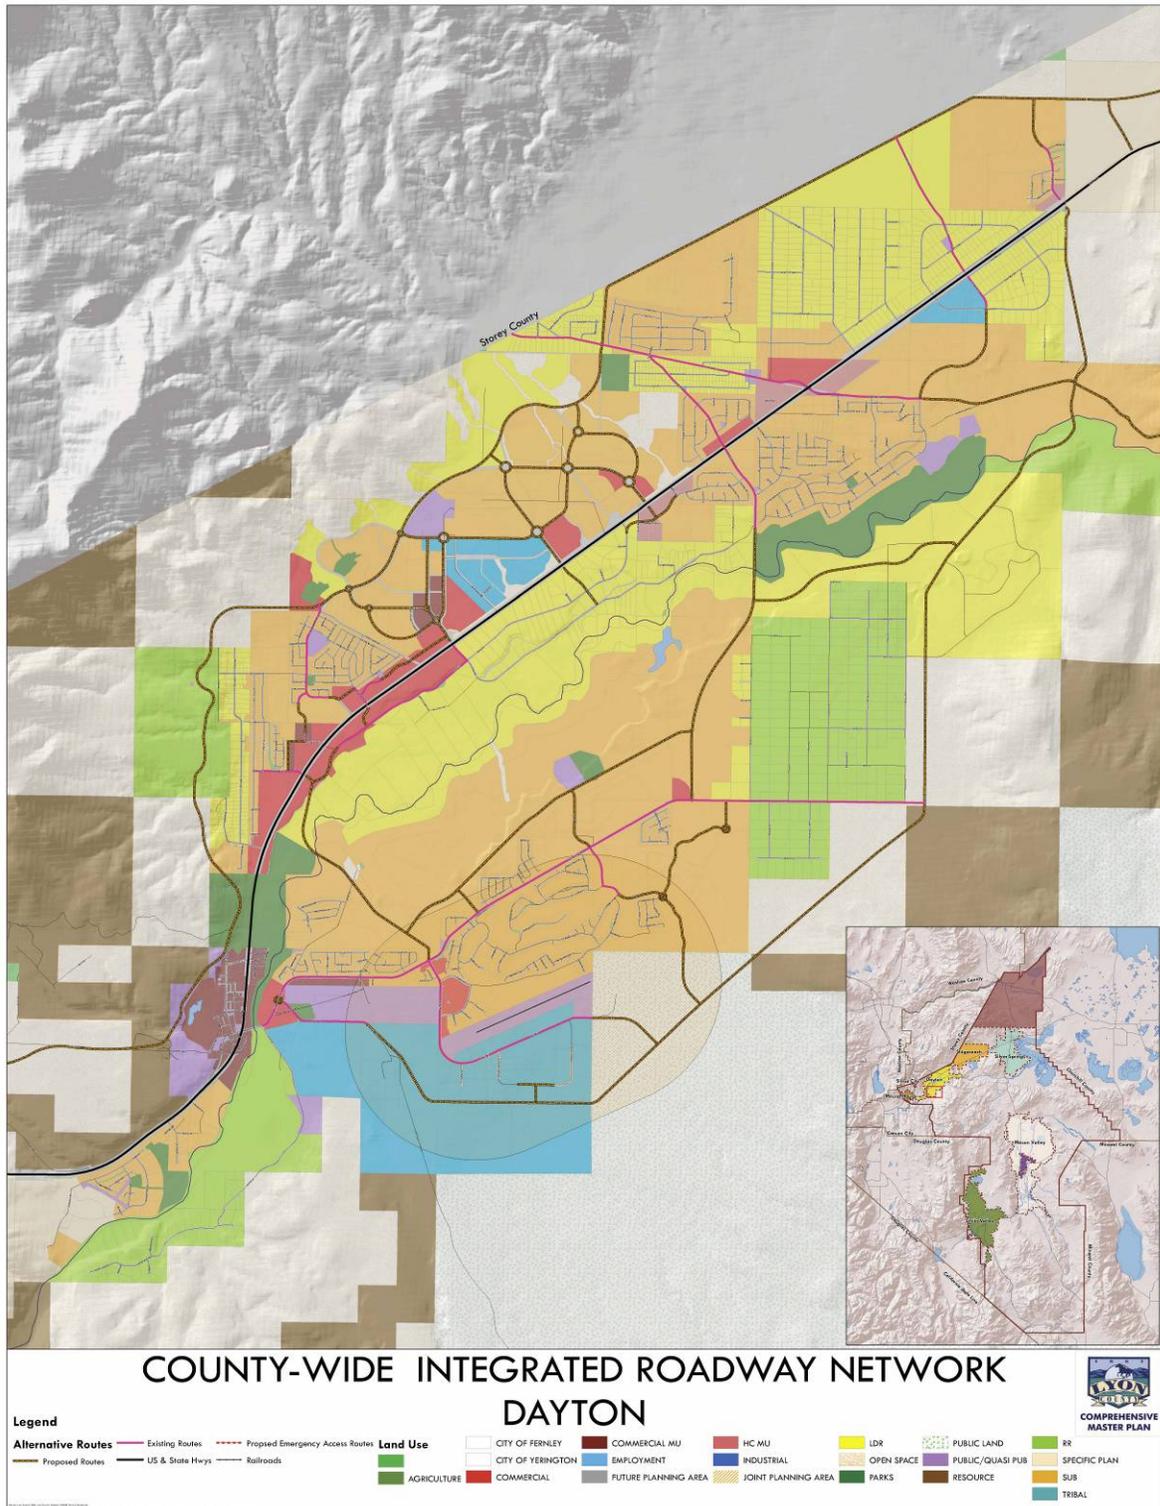

County-wide Integrated Roadway Network Map – Highway 50 Corridor

Note: Map for illustrative purposes only; consult the official full size printed format or GIS map for details.
