Bills presented were approved. The Chairman asked Tim Plants to contact Jerry Frey to see what he could do to get Jerry to give us a statement for services in 2018.

Tim gave the members a heads up on the flow of the river. No mosquitos or black flies yet, No complaints received by anyone. Light traps will be replaced this year. We do not have to deal with USF & W any longer and are happy to have the State in charge of the river again.
