8. **For Discussion and Possible Action:** to recommend to the Lyon County Board of Commissioners to have "STOP AHEAD" Painted in the lanes on Dayton Valley Road approaching the intersection of Dayton Valley Road and Lakes Blvd. (Requested by Elaine St John).

Norm Lee- The intersection at Breakwater and DVR has "Stop Ahead" painted on DVR.

Gina Lee- The stop sign is at an offset location with the road leaning to the right for the turn at Lakes Blvd. The two "stop ahead" signs are in a strange location as they are too close to the stop sign to be effective, one of the signs actually partially blocks the stop sign.

Elaine St John– It is difficult to see the stop sign and people continue to run through it without stopping.

Public 1. Helaine Morres – email in favor read into the record. Drivers still run that stop sign.

Public 2. Sharon Scott – we have had it so many years without the stop sign it is difficult to get used to.

Public 3. Leanne Carr – The bold stop lines at that intersection need to be repainted as well as they are faded and difficult to see.

Motion: To recommend to the Lyon County Board of Commissioners to have "STOP AHEAD" Painted in the lanes on Dayton Valley Road, similar to those at Breakwater, approaching the intersection of Dayton Valley Road and Lakes Blvd

Motion: Elaine St John Second: Norm Lee Approved 5-0
