

CENTRAL LYON COUNTY VECTOR BOARD
MEETING MINUTES, AUGUST 08, 2023

The meeting started at 5:10 pm. Members present: Toni Anderson, Terry Anderson, Mary Smith. Tyler Minor and Jerry Culwell were excused. Also present: Tim Plants, Integrity Pest Mgt.

Larry Anderson was present.

First order of business: Minutes of the July 11, 2023 meeting were approved.

Second order of business: All bills presented were approved for payment.

Vector Board: Toni advised that the new aerial contractor that had been found to replace Frey Spray was not going to be used any longer because of billing discrepancies. That one-year contract with Morris Air would be allowed to expire. A new contract, 08/01/23 through 12/31/2024 is in place with Frey Spray. There were a few call-in complaints about gnats being identified as mosquitos. Nothing serious.

Terry brought up the last meeting of this season. It will be on the September agenda.

Integrity: Tim showed graphs of the river movements, explained how much of the desert was under water with expectations of it receding soon. Otherwise, no surprises.

The meeting was adjourned at 5:45.

Approved: September 12, 2023
