## LYON COUNTY PROVISIONS REGULATING HOME OCCUPATION

The Home Occupation Provision is included in recognition of the needs of many people who are engaged in small business ventures which could not be sustained if it were necessary to lease commercial quarters, or which in the nature of the home occupation could not be expanded to full scale enterprise. It is the intent, however, of the ordinance that full scale commercial or professional operations which would ordinarily be conducted in a commercial or industrial district continue to be conducted in such districts and not in residential districts.

In granting a business license, it is necessary to verify that the subject property will be used in conformance with the county's zoning ordinance. Please read the following information and complete the form as indicated. If you have any questions or require further information please contact the Lyon County Business License Division at (775)463-6501 or email [businesslic@lyon-county.org](mailto:businesslic@lyon-county.org). For planning or zoning questions contact Kerry Page at (775)463-6592 or email [kpage@lyon-county.org](mailto:kpage@lyon-county.org).

### **15.335.03 W. HOME OCCUPATION, GENERAL**

The following list identifies those occupations which may be conducted from a residence in any district. The purpose of the list is to function both as a guide and also to illustrate the spirit and intent of what is a legitimate home occupation. Essentially, the home occupation is conceived of as being reasonably permitted in a residential setting because it does not compromise the residential character of the area. A reasonable home occupation would not generate conspicuous traffic, would not visually call unusual attention to the home nor would it ever generate nonresidential level noise.

#### Examples of a Home Occupation Business

• Accounting, Bookkeeping	• Appraisal	• Architecture
• Computer Repair/Programming	• Legal Services	• Real Estate Sales
• Insurance Sales	• Daycare with Six (6) Children or Less	• Drafting Services
• Dressmaking, Alterations, Tailoring	• Engineering and Surveying	• Financial Planning and Investment Services

2. The use of the dwelling for a Home Occupation may not exceed up to 25% of one floor of the principal building.
3. Residents of the dwelling must be engaged in the home occupation with no more than one (1) nonresident assistant employed.
4. No activity can take place as a home occupation which involves any outdoor storage.
5. All parking needs brought about by the operation of the home occupation must be met through off street parking (including any customer parking). Driveways may be used to meet this requirement, however the driveway used to provide off-street parking shall be provided on the parcel being used for the home occupation use to the satisfaction of the director.
6. All uses allowed under home occupations must maintain a valid County business license and any state and/or federal licenses (if necessary).

### 15.335.03 X. Home Based Business

The following lists those occupations, which may be conducted as a home based business (HBB). The home based business differs from the home occupation in that it is not required to be conducted within the residence proper, but may be conducted in another building accessory to the residence. Slightly more intense uses may occur within the HBB since it is sited within less densely settled areas.

• Limited Equine Boarding	• Auto and Farm Equipment Repair Work	• Building Contractor's Storage Yard Including Electrical, Plumbing, & Mechanical
• Landscape Contractor	• Farm-To-Fork Events (subject to compliance with NRS 466 and inspections/license from State Health Department)	• Fine Arts or Artisan's Studio (not using equipment larger than hand tools) Pottery Work, Jewelry Making, Metalwork, Leatherwork, or similar Fine Art Manufacture
• Woodworking	• Gunsmith	• Sign Painting
• Homemade Clothing	• Lapidary	• Painting

1. The Home Based Business may be carried out in no more than one (1) building separate from the primary residence. Storage of materials used with the Home Based Business in a second accessory shed is permissible.
2. All outside storage areas including dumpsters must be:
  - a. sited to the rear of the building,
  - b. in compliance with the setbacks required of the building's underlying zone, and,
  - c. designed such that they are concealed from all adjacent properties and public rights-of-way through installation of either fencing and/or vegetative screening.
3. All outdoor stored or used equipment and materials must be fully screened either by fencing or landscaping from any abutting residential use or public rights of way.
4. The accessory building in which the HBB is conducted may not exceed the square footage of the footprint of the residence but in no event exceed the allowances contained in 15.335.03 A
5. Nonresident employees may work in the HBB as follows:
  - a. Up to 1,000 square feet of floor space - One (1) nonresident employee
  - b. 1,000 and over square feet of floor space - Two (2) nonresident employees
6. Hours of any HBB associated outdoor noise shall be limited to times from dawn to dusk in any residential area.
7. Parcel must meet the standard minimum size requirements for the district in which it is located
8. Home Based Businesses which allow clients or customers to visit the business may be subject to Accessibility Standards. Applicants should contact the Building Department for requirements prior to applying for the Home Based Business Permit.
9. All parking needs for employees of a HBB and any clients or customers that may come to the HBB must be met through off-street parking.
10. All uses allowed under Home Based Business must maintain a valid business license and any state and/or federal licenses (if necessary).
